## Production Experience (selected)

---

Production Electrician - Tuacahn Amphitheatre Summer of 2019

Focused primarily on the building, wiring, and programming of various electrical props, costumes, and practical designs. This consisted mostly of LED fixtures, RGBW tape, and wireless dimming.

Lighting Intern - Baltimore Center Stage 2018/19 Season

Worked on the load-in, focus, show-run, and strike for all productions. Acted as main console programmer for most productions. Acted as ALD for *Skeleton Crew* to Mr. Burke Brown.

Asst. LD, Dock Street Theatre - Spoleto Festival USA Summer of 2018

Assisted the Lighting Designers of 2 different shows by updating and maintaining all necessary paperwork. Coordinated work notes with LX staff. Also designed the Chamber Music Series.

Electrician, Special Projects Dept. - Spoleto Festival USA Summers of 2015 - 2016

Executed the build, hang, and focus for various outdoor venues and a sports arena. Also worked as crew for the events and provided labor support for surrounding theatres involved in the festival.

Asst. to the Director of Production - Chautauqua Opera Summers of 2014 - 2016

Main duties included purchasing scenic building materials, logging and distributing payroll, managing and distributing petty cash, and coordinating meetings with department heads.

Electrician - University of Michigan Electrics Shop 2013 thru 2017

Worked as an Electrician, AME, and ME. Duties included the hang, focus, and programming of lighting equipment to implement the vision of the Lighting Designer in all U-M theatres.
